# COOKING FUNCTIONS

---

## FULL GRILL

Cooks using heat from both the grill and top elements, suitable for grilling a range of food like meat & fish.

## FAN GRILL

Uses both the fan & the grill element to circulate heat around the food, ideal for browning meat.

## CONVENTIONAL

A traditional method of cooking using heat from both the top & bottom elements, great for cooking a variety of food on a single shelf.

## FAN ASSIST

Cooks using heat from the top & bottom elements, plus the fan to distribute heat evenly around the oven for faster cooking, suitable for baking pastries.

## FAN FORCED

Cooks using both the fan and the element around the fan to distribute heat around the oven, resulting in faster, more even cooking. Great for using multiple shelves at the same time.

## TOP HEAT

Uses heat from the top element & is ideal for browning food as the heat isn't as intense as the grill.

## BASE HEAT

Cooks using the bottom element for slow, gentle cooking or to keep food warm before serving.

## BASE HEAT + FAN

Cooks using the bottom element plus the fan to distribute heat evenly around the oven; for slow, gentle cooking or to keep food warm before serving.

## MULTI-COOKING

Intensive cooking using heat from all three elements plus the fan to distribute heat around the oven to cook faster and more evenly.

## PIZZA

Combining the fan forced & base heat functions to rapidly heat the oven. Ideal for cooking pizza or other dishes requiring a crispy base.

## DEFROST

Using the fan to circulate air around the food without any heat to defrost frozen foods quickly and safely.

## LIGHT

The light illuminates the oven cavity allowing you to check on the progress of your cooking with ease.

## PYROCLEAN

A self-cleaning function that uses a high temperature to reduce food residue to ash.

## HALF GRILL

Directs radiant heat from the powerful upper element onto the food.

## AIRFRY

Offering a convenient, counter-saving option that promotes healthier eating eliminating the need for extra oil and extra appliances in the kitchen.

## ECO

Excellent for those cooking in smaller proportions with its energy saving capabilities.

## INTENSIVE BAKE

Combining the fan forced & top heat functions to evenly distribute heat around the oven, whilst also directing radiant heat from the top element for extra crispy results.

Please Note: Not all functions are relevant to each model.

A close-up photograph of a roasted turkey on a wooden cutting board. The turkey is golden brown and garnished with fresh green herbs. The background is a dark, textured surface.

# BUILT-IN OVEN

## FEATURES AND BENEFITS

### TELESCOPIC SHELVES

Strong enough to hold even the heaviest cookware, our telescopic shelves effortlessly glide in and out for easy loading and checking of your meal's progress.

### TRIPLE GLAZED DOOR

Three layers of glass keeps heat in so your food cooks quickly and efficiently. Triple glazing also limits the amount of heat that can escape, so the door remains cooler to touch.

### LARGE COOKING CAPACITY

Our large capacity ovens allow you to cater for even the biggest of dinner parties. Completely adjustable shelving gives you the flexibility to accommodate all types of cookware with ease.

### EASY TO CLEAN

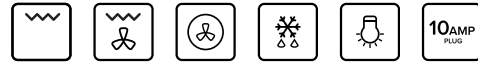

Removable doors, side racks, and easy clean interiors allow food particles to be easily wiped away. For best results, wipe away any spills with a damp cloth once the oven has cooled down.

## TO605TBX 60cm 5 Function Built-In Oven

### Key Features

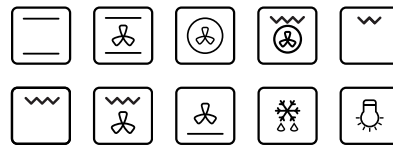

Stainless steel + black glass finish	Closed door grilling
85 litre capacity	Removable triple glazed door
5 functions	Soft-close hinges
Knob controls	2x wire shelves
Programmable LED touch timer	1x baking tray
5 shelf positions	1x grill insert
Oven light	10A electrical connection

## TO610TBX 60cm 10 Function Built-In Oven

### Key Features

Dark stainless steel + black glass finish	Closed door grilling
85 litre capacity	1x full extension telescopic rail
10 functions	Premium braided oven seal
Knob controls	Removable triple glazed door
Programmable LED touch timer	2x wire shelves
5 shelf positions	1x baking tray
Oven light	1x grill insert
Soft-close hinges	15A electrical connection

## TO615AFBX 60cm 15 Function Built-In Oven

### Key Features

Dark stainless steel + black glass finish	1x full extension telescopic rail
85 litre capacity	Premium braided oven seal
15 functions including Air Fry + Steam Clean	Programmable timer + minute minder
Full touch interface with smart digital display	Removable triple glazed door
Programmable LED touch timer	Child lock
5 shelf positions	2x wire shelves
Oven light	1x baking tray
Soft-close hinges	1x grill insert
Closed door grilling	1x Air fry basket
	15A electrical connection

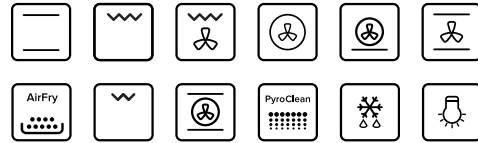

## TGP0611ABK 60cm 11 Function Built-In Oven

### Key Features

- Dark stainless steel + black glass finish
- 85 litre capacity
- 11 functions including Pyro Clean + Air Fry
- Central electronic dial + touch control
- Programmable LED touch timer
- 5 shelf positions
- Soft-close hinges
- 1x full extension telescopic rail
- Premium braided oven seal
- Removable triple glazed door
- 2x wire shelves
- 1x baking tray
- 1x grill insert
- 1x Air fry basket
- Durable easy-clean blue enamel interior
- 15A electrical connection

## TSO605TX-R 60cm 5 Function Side Opening Built-In Oven

### Key Features

- Dark stainless steel + black glass finish
- 67 litre capacity
- 5 functions
- Knob control
- Programmable LED touch timer
- 5 shelf positions
- Oven light
- Closed door grilling
- Side opening door (right-hand hinge)
- 1x full extension telescopic rail
- Removable triple glazed door
- 2x wire shelves
- 1x baking tray
- 1x grill insert
- 10A electrical connection

## TSO605TX-L 60cm 5 Function Side Opening Built-In Oven

### Key Features

- Dark stainless steel + black glass finish
- 67 litre capacity
- 5 functions
- Knob control
- Programmable LED touch timer
- 5 shelf positions
- Oven light
- Closed door grilling
- Side opening door (left-hand hinge)
- 1x full extension telescopic rail
- Removable triple glazed door
- 2x wire shelves
- 1x baking tray
- 1x grill insert
- 10A electrical connection

# UPRIGHT COOKER

## FEATURES AND BENEFITS

### TWIN CIRCULATING FANS

This feature allows a greater volume of heat and air to be distributed around the oven, allowing faster heat up times and more even heat distribution. This ultimately means better cooking results - especially when baking.

### LARGE VIEWING WINDOW

Easily check the progress of your meal without having to open the door and let hot air escape.

### EASY TO CLEAN

Removable doors, side racks and easy clean interiors allow food particles to be easily wiped away.

### TRIPLE GLAZED DOOR

Three layers of glass keeps heat in so your food cooks quickly and efficiently. Triple glazing also limits the amount of heat that can escape, so the door remains cooler to touch. This is a handy safety feature for little fingers.

### STORAGE COMPARTMENT

Store extra cookware in the storage compartment to free up space in other areas of your kitchen.

# COOKTOP

## FEATURES AND BENEFITS

### EFFICIENCY AND SPEED

Our Induction cooktops transfer heat directly to cookware using state of the art technology. This means that heat is instant, precise, and only heats your cookware - not surrounding areas, making it extremely energy efficient and safe.

### SAFETY

On our electric cooktops the child lock allows the control panel to be locked so programs can't be altered. On our gas cooktops the flame failure device shuts off the gas supply should the flame be extinguished for any reason.

### EASY TO CLEAN

A smooth finish, removable control knobs and trivets allow for easy cleaning. For best results wipe away any spills with a damp cloth from the surface once the cooktop has cooled down.

### SENSOR TOUCH CONTROLS

Simply press the sensor touch control until the desired heat level is achieved. From a low simmer to a high boiling point, any level of heat is easily obtained.

### EXTENDABLE ZONES

Extendable zones on selected ceramic cooktops join together to become one large zone, making them perfect for large pans. When joined together the individual zones maintain the same temperature so the same level of heat is obtained across the larger zone.

\* NB - Not all features on this page are on all models. Please refer to the product user manual for the features that apply to your model.

## H320SXFFPRO-2 30cm Gas Cooktop

3 cooking segments with separate on / off and function controls	Frameless bevelled edges
	10800W total power
	45amp electrical connection

# RANGEHOOD

## FEATURES AND BENEFITS

### LED LAMPS

LED lamps are known for low energy consumption and long life, making them an efficient source of light.

### DESIGN & STYLE

With a comprehensive range of undermount, slideout and canopy rangehoods, you're sure to find the right product to complement any style of kitchen.

### SUPERIOR AIR EXTRACTION

With up to 1000m<sup>3</sup>/hr air extraction and up to 4 speeds you can control the level of air you need to remove different levels of odours.

### EASY TO CLEAN

Stainless steel & glass finishes throughout the series make cleaning your rangehood a breeze.

## **TSSUR52S\*** 52cm Single Speed Concealed Undermount Rangehood

### Key Features

---

Stainless steel finish  
700m<sup>3</sup>/hr airflow  
Single speed  
2x LED lamps

1x durable honeycomb filter  
Ducted operation  
10A electrical connection\*

## **TUR52S** 52cm Concealed Undermount Rangehood

### Key Features

---

Stainless steel finish  
Push button electronic control  
700m<sup>3</sup>/hr airflow  
3 speed

2x LED lamps  
1x durable honeycomb filter  
Ducted operation  
10A electrical connection

## **TGU52BK** 52cm Undermount Rangehood

### Key Features

---

Black glass finish  
Touch control  
1000m<sup>3</sup>/hr airflow  
3 speed

2x 2 watt LED strip lights  
1x aluminium mesh filter  
Ducted operation  
10A electrical connection

\*Model TSSUR52S is a concealed undermount rangehood with a single fixed speed and light. The rangehood contains no on / off switch and has a 10amp plug connection. When plugged in and the power point is switched on, the rangehood fan and light will come on automatically.

## **TUR70S** 70cm Concealed Undermount Rangehood

### Key Features

---

Stainless steel finish	2x LED lamps
Push button electronic control	1x durable honeycomb filter
700m <sup>3</sup> /hr airflow	Ducted operation
3 speed	10A electrical connection

## **TUR90S** 90cm Concealed Undermount Rangehood

### Key Features

---

Stainless steel finish	2x LED lamps
Push button electronic control	1x durable honeycomb filter
700m <sup>3</sup> /hr airflow	Ducted operation

8 auto cooking menus	30 second quick start
5 power levels	Defrost (by weight / time)
Digital control	95 minute kitchen timer
Push-in rotary control knob	Child safety lock
White LED display	900W total power

## **BD28MBK\*** 28L Integrated Microwave

### Key Features

---

Black acrylic with black glass door	Speed cooking
Stainless steel interior finish	Multi-stage cooking function
28 litre capacity	30 second quick start
8 auto cooking menus	Defrost (by weight / time)
5 power levels	95 minute kitchen timer
Digital control	Child safety lock
Push-in rotary control knob	900W total power
White LED display	

\*Branded Belling not Technika.

# DISHWASHER FEATURES AND BENEFITS

## LARGE CAPACITY

With up to 14 place settings and a height adjustable upper basket, our dishwashers can easily accommodate large plates or tall wine glasses.

## CONVENIENCE

The LED display tells you everything you need to know about your cycle so you'll always be fully informed. On certain models you can also delay the cycle for up to 24 hours, which means your dishwasher can be ready to unload when you are home.

## WIDE CHOICE OF PROGRAMS

With up to 8 wash programs and a variety of additional functions including extra dry, delay start and half load, there is a cycle to suit every need.

## INSTALLATION

With models featuring Freestanding, Fully-Integrated or Bench-top installation, there is an option to suit every kitchen.

## TEBTDWS-5 55cm Compact Dishwasher

### Key Features

---

Stainless steel finish	Overflow protection
6 place setting + cutlery basket	Rinse aid indicator
6 washing programs	2.5 star energy rating
2 / 4 / 6 / 8 hour delay start	3.5 star WELS rating, (per 7.4 litre wash)
Electronic push button controls	10A electrical connection
LED display	

## TDX6SS-6 60cm Freestanding Dishwasher

### Key Features

---

Stainless steel finish	Child lock
14 place settings	Foldable bottom plate racks
6 washing programs + 2 auxiliary functions	Half load wash function
3 / 6 / 9 hour delay start	Anti flood protection
Electronic push button controls	49dB noise level
LED indicator lights	3 star energy rating
Extra dry function	4.5 star WELS rating, (per 12.5 litre wash)
Variable position cutlery basket	10A electrical connection
Easy-lift upper basket	

## TDX7SS-6 60cm Freestanding Dishwasher

### Key Features

---

Stainless steel finish	Foldable bottom plate racks
14 place settings	Half load wash function
7 washing programs + 3 auxiliary functions	Child lock
1 - 24 hour delay start	Anti flood protection

Extra dry function	10A electrical connection
Slideout third layer cutlery tray	

\*Does not include door panel

# LAUNDRY FEATURES AND BENEFITS

## ADD A GARMENT

Our front loading washing machine allows you to add or remove clothing from your load once the wash cycle has started, and when safe water and temperature levels have been reached.

## CONVENIENCE

"My Cycle" feature enables you to customise and save your favourite washing or drying program to suit your lifestyle needs.

## DESIGN & STYLE

Our washing machines and dryers are designed to suit your style. With side by side or stackable installation options, our matching washer and dryer pair will look great in any laundry.

# WARRANTY

---

Technika constantly seeks ways to improve the specifications and design of its products. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide. Actual product only should be used to derive cut-out sizes.

## Installation warning

Incorrect installation of any product will void all warranty.

## Note

All dimensions on these pages are in millimetres and the illustrations are intended as a guide only. Complete instructions are enclosed with the appliance or can be obtained by contact the customer care centre on toll free 1800 444 357 or by email: [commercialcare.ha@glendimplex.com.au](mailto:commercialcare.ha@glendimplex.com.au)

All rangehoods are supplied with a complete mounting kit, easy to follow instructions, and can be plugged into a standard power point. All rangehoods must be installed in accordance with local building regulations. For optimum performance Technika recommends that rangehoods be installed between 650mm and 750mm above the highest point of the cooking surface. The rangehood must not be any lower than 600mm from the highest point of the cooking surface as per AS/NZS 5601.

## Product support and service

Technika has an extensive national service network. Please contact our national customer care toll free on 1800 444 357 (press 4 for commercial customer care) or by emailing [commercialcare.ha@glendimplex.com.au](mailto:commercialcare.ha@glendimplex.com.au) for any enquiries.

## Caution

All ovens have been tested and approved to the relevant Australian Standards. Where the oven is built in or close to a cabinet, the cabinet material must be capable of withstanding 75 degrees °C. Technika will not accept responsibility for incorrect installation into low temperature tolerant cabinets. Please contact Technika's national customer care line for installation details toll free 1800 444 357 or by email: [commercialcare.ha@glendimplex.com.au](mailto:commercialcare.ha@glendimplex.com.au)

## Warranty

All Technika appliances carry a 3 year parts and labour warranty, excluding consumables i.e globes.

Natural gas regulators are provided with all gas appliances as per the Australian Standard requirement and carry a 12 month warranty only.

All appliances that incorporate electronic components (i.e. programmable clocks and electronic switching) should be fitted with a surge protection device to guard against damage which can be caused by power fluctuations or surges.

This warranty does not cover damage caused by such events.

For more information on all **TECHNIKA** appliances,
