60cm 4 Zone Induction Cooktop | Touch Control | Power Shift

**TECHNIKA**  
COOKING WITH PASSION

## FEATURES AND BENEFITS

### Induction

Efficiently sear, stir fry, boil or simmer with precision. Heat is delivered directly to the cookware when detected on the ceramic surface

### 4 Cooking Zones with 9 Power Levels + Boost

Four zones with nine heat levels provide versatile cooking. Boost function delivers instant high heat, perfect for boiling water or searing meats quickly - ideal for busy kitchens needing speed and precision.

### Keep Warm / Pause Modes

Keeps food warm or pauses cooking without losing settings. Great for managing timing during busy meal prep or unexpected interruptions.

### Slide-Touch Controls

Modern slide-touch interface allows precise heat adjustment with a sleek, easy-to-clean surface. Ideal for contemporary kitchens and users who value streamlined control.

### Power Shift

The cooktop is electronically limited to a rated power of 4.6kW, to support cost-effective installation by utilising the existing wiring in your home. The Power Shift function allows the rated power to be increased to 7.2kW during initial setup if required.

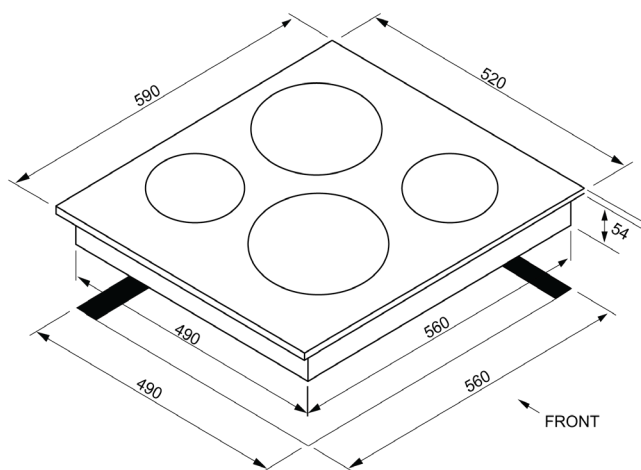

### Premium Design

ILVA ceramic glass with beveled edges and dark stainless trim combine to create a luxurious, modern finish that enhances both style and durability.
