90cm 5 Zone Induction Cooktop | Flex Zone | Power Shift

**TECHNIKA**  
COOKING WITH PASSION

## FEATURES AND BENEFITS

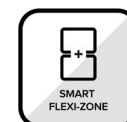

### Induction

Efficiently sear, stir fry, boil or simmer with precision. Heat is delivered directly to the cookware when detected on the ceramic surface

### 5 Cooking Zones with 9 Power Levels + Boost

Five spacious zones with nine heat levels support multitasking and larger meals. Boost adds rapid heat-up capability, helping save time while maintaining consistent cooking performance across all zones

### Flex Zones

Combines multiple zones into one large cooking area, ideal for irregular or oversized cookware. Ensures consistent heating and greater versatility in meal preparation.

### Slide-Touch Controls

Modern slide-touch interface allows precise heat adjustment with a sleek, easy-to-clean surface. Ideal for contemporary kitchens and users who value streamlined control.

### Power Shift

The rated power of this cooktop is set to 7.2kW. The Power Shift function can be used to limit the rated power to 4.6kW, supporting cost-effective installation by utilising the existing wiring in your home.

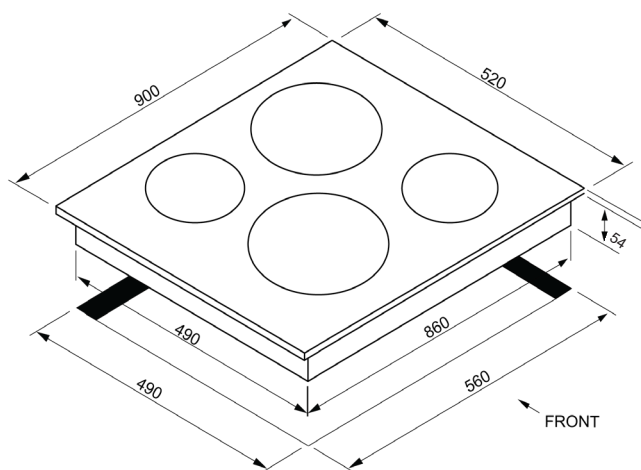

### Premium Design

ILVA ceramic glass with beveled edges & dark stainless trim combine to create a luxurious, modern finish that enhances both style and durability.
